
The SETARA ‘11 rating instrument covers three generic domains of input, process and output to assess the quality of teaching and learning. The input domain addresses talent, resources and governance. The process domain focuses on curriculum matters and the output domain is on the quality of graduates and graduate satisfaction. The overall structure of the instrument could be accessed at [http://www.mqa.gov.my/SETARA11](http://www.mqa.gov.my/SETARA11).

**The SETARA ‘11 Committee**

The rating exercise was carried out by a committee appointed by the MQA, which comprises:

- Muhammad Jantan (Univesiti Sains Malaysia) (Chair)
- Haznan Shah Abdullah (Universiti Teknologi MARA)
- Walter Wong (INTI International University)
- Arfah Salleh (Putra Business School)
- Sharifah Norul Akmar Syed Zamri (Universiti Malaya)

**Verification of SETARA ‘11**

An independent verification committee was set up for SETARA ‘11 to verify and endorse the SETARA ‘11 processes and instruments as well as verify data submitted by the higher education institutions.

**NB:** Two institutions participated but were excluded because of insufficient data. Seventeen institutions cannot participate because they are new institutions and have not produced graduates. One institution was not rated because it chose not to participate. An Employer Survey for SETARA ‘11 was conducted jointly by GRADUAN’ and MQA.
